Introduction

One Community - Many Generations A program developed by Penn State Extension and funded by AARP

A committee of leaders from your community is in the process of conducting the One Community – Many Generations Program. The program includes this community-assessment as part of the planning process to build age-inclusive, livable communities. Your responses will be shared anonymously with Wayne Tomorrow! for the purpose of establishing priorities and developing action plans. We ask that you complete the entire survey which takes about nine minutes. Once you begin the survey on a computer or smart device, you have three days to complete it.

Thank you for sharing your thoughts. We appreciate your feedback.

Sincerely,

The Leadership & Community Vitality Team
